PERSONAL CALLS

Government telephones are provided for official use only and ARE NOT TO BE USED FOR MAKING PERSONAL CALLS (Use public telephones for personal calls)

TRANSFERRING CALLS

To transfer an incoming call from the public to another number depress the handset plunger for one second and release. Wait until the operator comes in on your line, then request her to transfer the call.

Thru-Dial calls originating from other government agencies of the Inter-departmental Dial System (IDS) cannot be transferred.

TIPS FOR BETTER TELEPHONE SERVICE

1. Government telephones are extremely busy in the afternoon between 2 p.m. and 5 p.m. Try to schedule important calls at other times during the day.
2. If you obtain information from an operator, record this information for future reference.
3. If the party you are calling is busy, leave your name and number and have the party return your call rather than "HOLD" the line. This will free the equipment for other calls.
4. Discourage prolonged conversations to relieve busy network conditions.
5. Attempt to answer all calls on the first ring. Give priority to the long-distance caller.
6. Do not use the commercial long-distance network for calls outside the 40¢ limit area. These calls greatly increase your agency's bill. Use the Federal Telecommunications System (FTS) and save the taxpayers' money.
7. Use IDS codes for making inter-government calls. Each local call prefixed by 9, except between Government Centrex, cost the Government 3¾¢.

THE STANDARD ADMINISTRATIVE CODE

Alongside your name in the white pages you will notice a new column headed "Administrative Code." This is the new Departmentwide code that is, in effect, your administrative address. Using the code, you can determine any number of things, such as, the area in which a person works at HEW, where a piece of correspondence actually originated. It is also an integral part of an address for internal mail. The format in the organizational section is in accordance with the structure of the administrative Code. This Administrative Code will also appear in the organizational pages. The Code can save you time and effort, so use it to your advantage.

The Department listings (not just for the Washington area) will appear in a separate appendix to the General Administration Manual and will be convenient for your desk use.

Administrative Code Index to Key Organizations Refer to page 95.

INFORMATION AND LOCAL DIALING INSTRUCTIONS FOR GOVERNMENT CENTREX TELEPHONE SERVICE

On November 17, 1973, the General Services Administration Metro Centrex System will be established for the Department in the Southwest Washington Area. The Centrex telephone system now serving many of the Federal agencies in the Metropolitan D.C. area is divided into four, individual, centrex dialing zones. These zones are known as dialing zone A, dialing zone B, dialing zone C, and dialing zone D. Telephones serving DHEW in Southwest Washington, D.C. are in Dialing zone B.

Telephoning within a centrex dialing zone is accomplished on an extension to extension, dial-up basis. To complete a call within a centrex dialing zone, dial the last five digits of the desired number.

Calls between centrex dialing zones are completed by dialing 9 plus the seven digit centrex number. To complete a call from one dialing zone to another dialing zone dial 9 plus the desired seven digit centrex number.

Calls between Centrex Government agencies and non-centrex Government agencies are completed through the facilities of the Inter-Departmental Dial System (IDS). To complete a call from a centrex dialing zone to a non-centrex Government agency, dial the IDS code for the agency and the desired extension.

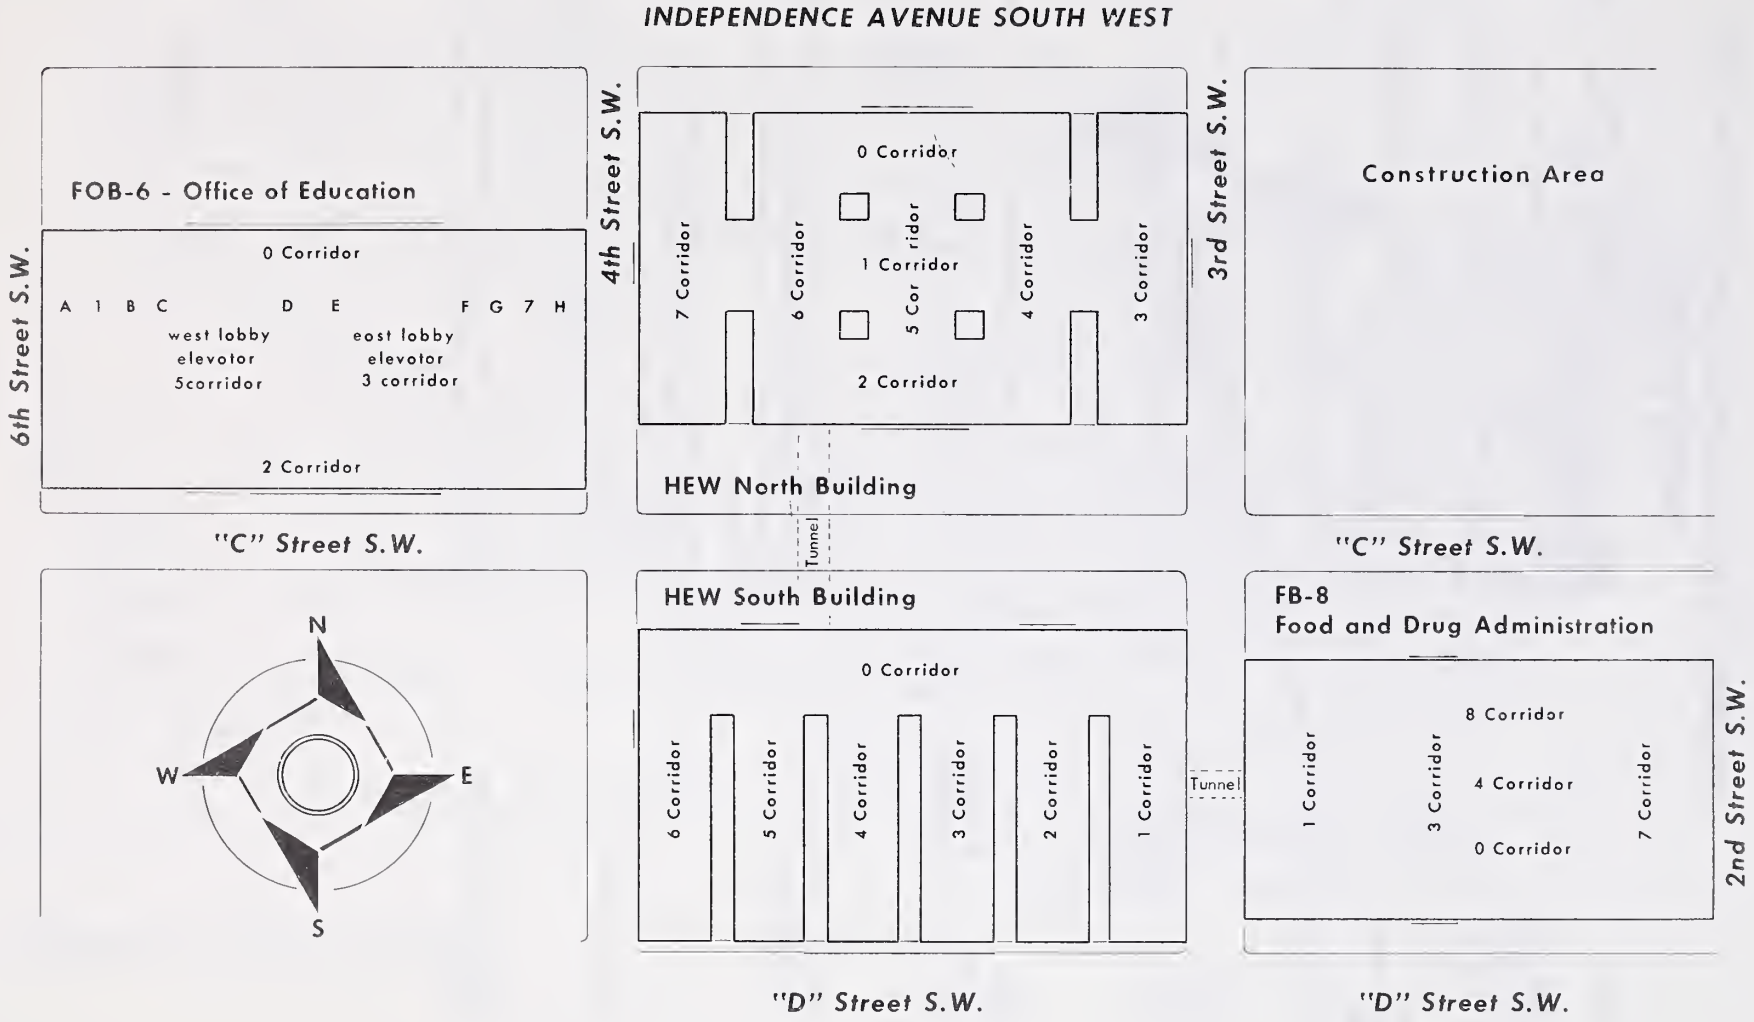
DHEW DOWNTOWN BUILDINGS



FEDERAL TELECOMMUNICATIONS SYSTEM (FTS)
INSTRUCTIONS

GENERAL: The FTS is a Government network of leased long-distance circuits. This network shall be used for official long-distance calls wherever provided DHEW activities.

ACCESS CODE: FTS access code, usually 8, is used to connect your telephone to the FTS network.

AREA CODE: Area codes assigned to the FTS are identical to the "Bell System" and are used when dialing long-distance. Area codes may be found on the adjacent map.

AGENCY IDENTIFICATION CODE: Organizations are assigned an identification symbol, principally, for billing purposes. FTS users should know their appropriate symbol, which may be obtained from your Administrative Officer.

SERVICE PROCEDURES: Long-distance service within the contiguous United States

ADMINISTRATIVE CODE

INDEX TO KEY ORGANIZATIONS

The Administrative Code consists of a combination of alpha and numeric characters that uniquely identifies an organizational element of the Department. The alpha portion of the Code contains from one to three alphas. The first alpha normally identifies the principal line officials and organizations of the Department. For example, D = Office of the Assistant Secretary for Human Development, headed by the designated Assistant Secretary; E = Education Division, headed by Assistant Secretary for Education; I = Social Security Administration, headed by the designated Commissioner; H = Public Health Service, headed by the Assistant Secretary for Health; and W = Social and Rehabilitation Service, headed by the designated Administrator. The second and third alphas represent the next two subordinate echelons.

There is no overall alpha caption for the Office of the Secretary; the Secretary, Under Secretary, various Assistant Secretaries, and staff offices have unique codes.

An alphabetic index of the alpha portions of the Administrative Codes is listed below.
